School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

Sanger Adult School serves students 18 years and older with programs for English as a Second Language, High School Diploma for Adults, and Career Technical Education. We are members of the State Center Adult Education Consortium and the Sanger Unified School District. Our Mission Statement from our last WASC Accreditation is as follows:

All students will successfully transition to a post-secondary education and a career path equipped with a capacity for learning through the knowledge and skills they have developed at **Sanger Adult School**.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Misassignments of Teachers of English Learners	0		0
Total Teacher Misassignments *	0		0
Vacant Teacher Positions	0		0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Year and month in which data were collected: October 2018

Textbooks are loaned to our Independent Study High School Diploma (HSD) Students free of charge. We are also using an online platform called Edgenuity that eliminates the need for physical textbooks for HSD.

School Facility Conditions and Planned Improvements (Most Recent Year)

Sanger Unified retains an independent contractor to provide comprehensive facilities inspection of every school site. This inspection meets or exceeds the criteria of the State of California Williams inspection requirement. The Williams compliance inspections are done by Fresno County Office of Education (FCOE). Only one SUSD site is inspected by Fresno County Office of Education annually for Williams compliance. This site is not a FCOE inspected site. The most recent inspection, either district or Williams, available when this SARC is prepared is utilized for this report. Inspection reports are maintained at the SUSD District Office.

The rating scale used for this inspection is as follows:

- 99% - 100% = Exemplary: School meets most/all standards of good repair. Noted deficiencies, if any, are not significant.
- 90% - 98.99% = Good: School maintained in good repair with some isolated deficiencies from wear/tear or are being mitigated.
- 75% - 89.99% = Fair: School is not in good repair with some critical or widespread deficiencies and repairs are necessary.
- 00% - 74.99% = Poor: School facilities are in poor condition with deficiencies of various degrees throughout and major repairs are necessary.

The results of the most recent report available for this campus are disaggregated below.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Mathematics (grades 3-8 and 11)						

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Career Technical Education Programs (School Year 2017-18)

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Many parents and family members attend the High School Graduation Ceremony. As students are adults, parents can only access student information if the student gives the school permission to share the information.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2018-19)

Our school has a roving security guard to visit all campus where we hold classes. Communication with the security guard is maintained with radio contact. Sanger Adult School is also included in the district emergency radio channel where all SUSD administrators would be contacted in the event of an emergency. If the channel is activated, district emergency protocol would ensue. If a 911 call were placed from campus, the same protocol would take place.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Professional Development (Most Recent Three Years)

What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?

All of our professional development is based on the needs of our students and teachers, assessed through observations, surveys, disaggregation of CAASPP data, PBIS data and other assessment data. Teachers in Sanger Unified have completed professional training courses designed to support educational priorities and objectives. Staff Development Days are designed to provide continuous learning opportunities for administrators, teachers and classified personnel. The major areas of focus are in literacy, mathematics, and English Language Development for all content areas.

What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?

As a district, we are committed to offering teachers a variety of professional learning opportunities and options for personalized professional development. Sanger Unified provides professional learning in all subjects (Math, STEM, ELA, ELD, Art, assessments etc.) for TK-6th grade teachers throughout the school year. For single-subject teachers, Sanger Unified provides two to four full days of training dedicated to specific initiatives, strategies and frameworks (Balanced Literacy, Effective Instruction, ELD, Argumentative Writing, Speaking and Listening, Close Reading, Project Based Learning, Universal Design for Learning, etc.) Sanger Unified also offers after-school workshops on various math instructional strategies and routines, after-school technology trainings, lesson studies, and Universal Design for Learning trainings. Each year, we offer a two day for professional development where teachers share their best practices with one another. Other professional learning opportunities include optional online professional learning on a variety of topics, like the SAMR model and training on the 4 Cs. Teacher leaders at all sites are given a variety of opportunities to attend national and state conferences and seminars, as to further the collective knowledge of all members of their grade level teams and learning communities. Teachers also have the opportunity to engage in personalized professional development through instructional coaching. New to the profession teachers are also supported through the Sanger Unified School District Teacher Induction Program and New Teacher Support. A teacher that is teaching under a PIP or STSP, or is an Intern is assigned a mentor that provides the new teacher with a minimum of 4 hours per week of direct or indirect support for his/her individualized professional growth. In addition, the teachers attend required professional development provided by the district and school site. New teachers that have a preliminary credential participate in our formal Induction Program. Teachers participating in receive support from a trained support provider for two years. The Sanger Induction program uses the "just-in-time" concept of mentoring and the Formative Assessment for California Teachers (FACT) formative assessment to guide new teachers in their individualized professional growth plans. New teachers, along with their mentors (support providers) attend 4 Network meetings together over the 2 years. In addition, the program may offer additional professional development offerings based on participant request and through surveys that include the following: Classroom Management, Conducting Parent Teacher Conferences/Parent communication, Meeting the needs of special needs students, Technology, Writing, etc. Sanger Unified's BSA Induction Program provides support and assessment opportunities for all first and second year Participating Teachers to increase understanding of their own professional development, which will enable them to more effectively meet the diverse learning needs of their students. The mentors, called support providers, are trained in cognitive coaching, working with adult learners, and FACT. Support Providers attend a two-day training their first year and a one day Refresher every year after. In addition SPs are required to attend an orientation, and 2 after school trainings each year to work on their mentoring skills.

How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance data reporting, etc.)?

With so many district initiatives, it is essential to have support for all teachers and administrators during implementation. Through many of our contracted trainings (ex. Academic Discourse, Project Based Learning), our expert trainers provide on-site support and follow up personalized coaching. There are varied levels of support, both at the site and district level. At school sites, teachers are supported during implementation by their grade-level or content colleagues through Professional Learning Communities. In addition, Curriculum Support Providers, Literacy Specialist Teachers, (Teachers on Special Assignment) and administrators provide on site support. District support is provided at the PLC level through collaborative unit/lesson planning and facilitated curriculum curating experiences.

All of our professional development is based on our students and teachers needs. Teachers in Sanger Unified have completed professional training courses designed to support educational priorities and objectives. Staff Development Days are designed to provide continuous learning opportunities for administrators, teachers and classified personnel.

Sanger Unified uses Staff Development Days and support from site level Curriculum Support Providers and district level District Instructional Specialists to assist teachers in classroom instructional strategies. The district provides training within Balanced Literacy (ex. Guided Reading and Writing), Mathematics, Project Based Learning, Academic Discourse, Next Generational Science Standards, and the shifts within History Social Science. This year our district is providing professional development in writing and Mathematics through lesson studies. Further English Language Arts professional development will focus on Close Reading, Text dependent questions, and collaborative conversations.

Beginning Teachers are also supported through the Sanger Unified Teacher Induction Program. Teachers participating in Sanger Unified Teacher Induction Program receive support from a trained support provider for two years. The Sanger Teacher Induction program uses the Formative Assessment for California Teachers (FACT) formative assessment to guide "new" teachers in their professional growth. The Sanger Teacher Induction program also provides a menu of professional development opportunities for Participating Teachers, Support Providers, and invites all teachers in the district to participate, if the topic meets their need. The menu of professional development offerings include the following: Classroom Management, Conducting Parent Teacher Conferences/Parent communication, Meeting the needs of special needs students, Technology, Writing, etc. Sanger Unified's Induction Program provides support and assessment opportunities for all first and second year Participating Teachers to increase understanding of their own professional development, which will enable them to more effectively meet the diverse learning needs of their students.

In addition to staff development days, teachers participate in workshops and conferences on the following: Literacy Strategies, Writing, Reading and Literacy Training, and ongoing SBE textbook adoption in-services are provided throughout the first 2-years of a curriculum, text implementation period. In-services in Effective Instructional Strategies, Professional Learning Communities, and strategies for English Learners are also provided.
